## Employee Holiday Fund

As we approach the holiday season, you have the opportunity through the employee holiday fund to say "thank you" to your Wildwood Green employees. The employee holiday fund is a great way for our members to show their appreciation to the staff for all their hard work over the past year. Everyone from the maintenance staff to outside services is included in the distribution and any contribution you make is greatly appreciated.

*Happy Holidays*

To donate please stop by the golf shop and place your contribution in the box on the golf shop counter! We can accept credit card transactions as well. Please see a golf shop employee if you would like to use your credit card.

*The whole staff wants to send an early thank you to those who plan to contribute!  
Our best wishes go out to you and your families for a joyous and healthy holiday season.*

### Jeff Engelhaupt – General Manager

Dear Members,

As the end of the year is upon us I want to take this moment to say thank you for being a member. We have seen one of the largest growths in membership over the past year and a half that the club has ever seen and we could not have done it without you! We have made tremendous strides with events and service to try and please you, our members, with a bigger and better event schedule than ever before. We are constantly tweaking food and beverage items to provide you with the best grille items that we can. I know our staff has seemed to change over the past year, especially in the golf shop, but we are doing everything we can to keep your time at the club happy and worry free. I thank you for the several comments I received about how well the new staff is doing and for those of you who said we can do better, I agree. We are always trying to improve our service to you by revamping policies and procedures and please understand that this takes time to bring everyone on the same page. I want to thank the staff for a great year and we are all looking forward to a fantastic 2019! **I hope everyone has a very happy holiday season and I will see you at the club soon!**

### Rick Durham – Superintendent

Leaf cleanup is taking longer this year than normal. In the past cleanup has usually been completed by early December. I hope to have a handle on this by January. Weather permitting we have multiple blowers out on the course daily along with a mulching unit and vacuum. I know many of you have noticed that we have taken the tarps out and placed them on the course. Over the next few weeks we will practice unfolding and placing on the greens. This allows us the opportunity to position and mark the tarps so when time comes to cover we can be more efficient. A popular question I receive is at what temperature do we cover? There are several factors that go into this decision. When temperatures begin to approach twenty five degrees for lows we will be on alert. Moisture levels, ground temperatures and how long temperatures are below twenty five all factor into the decision to cover. We have purchased an additional material to place under the tarps. This will be used on the areas that did not fare so well last winter. Think of it as an extra blanket to help with warming. With the colder months approaching sunlight will become much more important. Several trees will be removed to correct shade problems. This process has already begun and will continue into the first of the year. I would like to thank all of you for your comments and suggestions. As always I can be reached at [rdurham@wildwoodgreen.com](mailto:rdurham@wildwoodgreen.com)

## December 2018

Happy Holidays members, it's looking like we are going to see a good crowd for the Winter Member-Member Event on Saturday 12/1! This being our final event of the 2018 year, I would like to thank everyone for the participation we've received with our events this year! Remember to bring your guests out to play Saturday 12/22 for Half Price Guest Day, call the golf shop up to 14 days in advance to book your spot. You can even call in and sponsor a foursome of guests if you'd like!

### Tips from the Pro:

Most players struggle with their club head direction through the golf ball causing the ball to go both left and right. This is mainly because most players choose to pass the club underneath themselves through impact instead of moving their body causing their hand to flip under and open or over and closed.

**The fix.** Instead of freezing at impact to hit at the ball continue moving your body left by rotating and try to slow the club head down through the ball. The slowing of the hands stops the flip and the body rotation moving left will pull the club through the ball square. Remember, you cannot move your rotation left without your head – everything moves!
