WILDWOOD GREEN GOLF CLUB

July 2018

Roger Watson – Owner

I would like to give a big thank you to all the staff at Wildwood Green! The golf shop has been hard at work to make sure your events, merchandise, lessons, and services are all top notch. Please thank Jeff, Mindy, Dan, Joe, Jude, and the outside staff when you visit the club next. A big thank you also goes out to Wayne for his efforts to improve the pace of play. Early in April we put together a standardize program for our starters and rangers to follow to help the staff's efficiency in addressing pace of play concerns. There is a pace of play board posted in the golf shop where we keep track of turn and finish times, we have a set way to record starting times and recognize problem groups before there is an issue, and Wayne has personally trained each of our staff members on the process to follow. Congratulations Wayne, you are making a difference!

The members and staff have just completed one of the best membership drives ever at Wildwood Green bringing in a total of around 80 new memberships and we are currently charging an initiation fee to join the club. We will continue to charge an initiation fee if the membership level is above 450 dues paying members. Great work!

Rick Durham and his golf course maintenance crew have continued to make improvements on the golf course and grounds. They need a standing ovation for their efforts to correct the weather damage to the greens and other bermuda grass areas. The greens are awesome! Enjoy the club and take advantage of participating in the events!

Jeff will be sending out the details regarding the \$1,000,000 hole in one event set to be held on Sunday, July 29th along with the details of the annual prepayment program for 2019 which will begin August 1st. The first 50 members to prepay will be entered into a drawing for a \$500 gift card plus 10 free club storage and locker spots for the entire 2019 season. Wildwood Green members have the best value in Raleigh!

Rick Durham – Superintendent

Our one and only core aerification for the greens has been scheduled July 9th and 10th. A core aerification is when a small plug is removed from the green. This will relieve compaction and allow water plus air to penetrate into the soil profile. Recovery time should be at a minimum for this small aerification. We have made great strides to get to this point and now that the weather is prime for bermuda grass, our greens will improve quickly. Aerification on fairways and tees has already begun with one of our newer pieces of equipment the Aerway. This machine accomplishes the same relief of compaction with much less disruption.

Many areas around greens and some tees have been resodded. Once greens are 100% this will become our primary focus. More sod will be installed around greens, tees and sand trap edges. Other items that we will be paying attention to in the next coming months will be improving irrigation, adding sand to traps and continuing to improve landscape.

Thank you for all your comments and suggestions and as always I can be reached at rdurham@wildwoodgreen.com.

Jeff Engelhaupt – General Manager

Dear Members,

The golfing season is in full swing and the course is in really good shape! Rick and the maintenance team have done a great job thus far in getting the greens back into shape coming out of the harsh winter. We have several upcoming tournaments over the next few months including the year's 3rd and 4th major events as well as package events, couples events, and PGA/LPGA pools. Be sure to participate and have fun!

A big thank you goes out to the entire staff at Wildwood Green for their efforts this year in making your time here at the club fun and worry free. We strive every day to make your round enjoyable with a quick pace of play, a delicious lunch at the turn or after your round, and for everything to run smoothly in event signups and on event days. I hope you have taken notice of how far the course, facility, and club offerings have come over the last few years. It has surely changed for the better and we would not be where we are without your support and loyalty. We recently finished our Million Dollar Membership drive where new members and sponsors are going to have an opportunity to win \$1,000,000! Please see the next slide for more details on our Million Dollar Day which will take place on July 29th.

Thank you again for being a member and I look forward to seeing you at the club soon!

Just a friendly reminder of a few upcoming member events in July. Couples Golf on Sunday, July 15th. We had such a great time in June lets continue to bring the fun and play the BACK 9 this time! We've got the Champion Club Member Event on Saturday, July 21st 2 Net Even, 1 Net Odd – should be a great tournament! Our Wildwood Green One Day Member-Guest on Saturday, July 28th is a great time to bring out a guest, play competitive golf, and show off our new greens while we're in great condition.

Instructional Tip from the Pro: Q: How do you become a more consistent ball striker?

A: Make your margin error better!

If you are some one who keeps their head down, releases the club head in to the ball, trying to hit down on it and swinging from the inside outward – your club head will have about 2-3 inches at 80/90mph to square up and not put side spin on the ball for straight flight – not much margin there to get it perfect, fore! If you learn to pull the club left instead of release it outward you can then move your head and chest left and away from the ball (left) and the club head will stay square for about 12-36 inches! - Much more solid shots, leading to much more consistent play!

Have you visited the golf shop lately? We still have new merchandise arriving daily. There are brand new micro fiber caddy towels currently in-stock in 4 different color schemes. The Vineyard Vines apparel has been very popular so we have ordered a few more new styles for the ladies and men. Stop by today to check out these new Vineyard Vines arrivals. We've also added some new miscellaneous items to the golf shop as well. We have a variety of CertiFresh cigars and umbrellas. Have you ever tried out a UV protection umbrella? These umbrellas provide protection from rain and the sun's harmful rays. These telescopic umbrellas also can be adjusted for different heights when connected to your push cart. Sunny days are the best days to get out of the office and onto the course. Come by to purchase yours today!

We have many member events scheduled in July. Pick up your copy of the July calendar in the foyer today so you can make note of our exciting July events. Have you invited your guest yet to our One Day Member Guest? Don't miss out on this enjoyable event.

Please help us by continuing to fill out comment cards about the facilities. Tell us about an event you would like to see or a format you would like to play to help us keep our events fun and challenging.

Happy 4th of July to all of our members and their families! I hope you all have a safe and sparkling holiday. Remember if you have any questions or concerns please email me at mindy@wildwoodgreen.com.

Aerification

Monday, July 9th & Tuesday, July 10th

Continuously making improvements one day at a time.

Maintenance will be completing a small aerification July 9th & July 10th. We will only be punching small holes into the greens which will make the healing time even quicker than our normal large aerification. This is very important because it will allow air and water to penetrate deeper into the roots of the greens. We will only have 9 holes open both days but you will be able to play that nine holes twice if you would like. In order to create turn times we will have some restricted tee times both days. Please view the July calendar for the restricted tee times.

Thank you for your patience!
