

Wildwood Green Golf Club

Current State of the Club and Member Category Rules Information

Wildwood Green Golf Club is as close as ever to becoming a private facility again. We have anticipation of restricting weekend and holiday tee times July 1st, 2019 and we want you to be a part of making that happen! With our current membership offer we have limited the Weekday and PM membership options and have **expanded our Regular membership category** to be able to offer reduced monthly fees based on the age of the member. By expanding our Regular membership category to offer an Executive and Junior-Executive membership option we will build our membership base for the long term and take another step towards becoming more private.

New Membership Options: The Executive and Junior-Executive membership categories will be based on the age of the member applying for membership or for the current member looking to expand their playing privileges. Both of the new membership categories offer an individual or family membership classification.

Executive – Open to current or joining members who are 30-40 years old.

Junior-Executive – Open to current or joining members who are 18-29 years old.

If a current member is eligible to enter one of these categories, **they may do so with written notification to the Wildwood Green membership office on or before July 1st, 2019.**

Due to the new membership categories being age related, the member would automatically be moved to a new category upon their 30th or 41st birthday and the dues rate would take effect on the 1st of the following month.

As we move toward becoming more private we are offering an additional category for you to join, a **Range Membership**. The Range Membership will be paid in advance for 12 months and will include unlimited range balls (one bucket handed out at a time per person), access to three short-game areas, one green fee per month, and one entry to a member golf event. Please note some restrictions apply on member events.
