## GENERAL RULES AND REGULATIONS

It is the intent of the club to limit rules and regulations to the minimum required for the mutual enjoyment of the club by all members and guests. All players must register with the golf shop prior to teeing off. Any violators are subject to membership termination or suspension.

Please be understanding when this situation occurs. Course starters and rangers are responsible for the pace of play and the golfers' care of the course.

The golf professional and his staff supervise all play and use of the golf course, practice range, practice and putting areas, and the starter/ranger staff.

Members are responsible for their actions as well as their guests' actions while on club property. It is the responsibility of the member to report rule violations to the golf staff.

Glass bottles are not allowed on the course. Personal coolers are not permitted on the club property. Paper and metal containers and other trash are to be deposited in trash containers.

Current course records are hung in the golf shop near the entrance to the clubhouse. Course records can be set only during tournament play or on a day designated by the golf professional and their staff.

Please be sure to have an active email on hand with the golf shop to stay in touch weekly.

## **GUESTS**

Guests are permitted to book tee times after members have had the opportunity to book their tee times.

On Saturday, Sunday, and club holidays, guests are required to ride a cart until certain times unless accompanied by a member (Currently 2:00 PM all year round). If accompanied by a member, they must ride according to the member guidelines.

Members are allowed to have up to 7 accompanied guests at one time and book two full tee times. It is the responsibility of the member to ensure they follow any tee time rules, cart rules or general rules of Wildwood Green.

Reduced accompanied guest rates are available from the club. Please see the golf shop staff for more information.

## **JUNIORS**

A junior is classified as someone under the age of eighteen (17 years & younger) who is a guest playing individually or with another person.

An individual junior member is classified as an individual under the age of twenty-four (23 years & younger). No special restrictions for tee times apply to Junior Members however privileges are limited to Monday through Thursday and on a fill in only basis on Fridays. Proper attire is required as outlined in these club rules. Once the junior reaches 24 years of age, they will no longer be considered a junior.

A teen or young adult owning a Junior Membership can only use the course as outlined in their membership rules and regulations following all holiday and cart rules. All other play will be at the appropriate charges. All rules of the Club apply to Junior Members. This includes all rules regarding dues payment, suspension and termination of membership, resignation, course etiquette, etc.

## **SPECIAL EVENTS**

A special event is classified as a group of sixteen (16) or more golfers unless designated otherwise by the golf professional or General Manager. Special Events can schedule starting times in advance provided they contact the golf shop and sign an event agreement. The golf professional is charged with the responsibility to maximize the golf course but to always consider the membership. Special events require all golfers, member, or guest alike, to pay the same rate for golfing privileges.

## **DRESS CODE**

Proper dress code is required on both the golf course as well as the driving range. Please help us avoid embarrassing situations by conforming to the dress code and by ensuring that your guests are aware of the dress code as well. Please inform the golf staff, rangers, or starters of violations as soon as they are apparent.

### **Women and Girls**

Bermuda shorts (mid-thigh length) or skirts of comparable length.

No halter or tank tops (sport tops and bottoms are OK provided they cover the midriff).

No swimwear.

### **Men and Boys (16 years & older)**

Bermuda shorts, knee length & up to 2 inches above the knee, are acceptable.

No T-shirts or tank tops, collared shirts only.

No cut-offs or swimwear.

The golf staff and management reserve the right to deem any attire to be appropriate or inappropriate for golf. Denim jeans and jean shorts are OK to wear while on the golf course and driving range provided they are not cutoffs.

## **STARTING TIMES**

Starting times are required for all play. Tee times can be reserved as follows:

Members may reserve tee times up to 15 days in advance for any day.

Non-members may reserve tee times up to 3 days in advance for any day. Non-members are limited to after 12:00 PM on Fridays, Saturdays, Sundays, and club holidays.

Starters are required to pair individuals and groups up to a foursome. Please allow us to help everybody get onto the course and maintain a reasonable pace of play.

Players who do not make a tee time do not have any privilege to tee off unless they are filled in by the golf staff or starter. Players shall tee off at their designated time or they may forfeit their tee position. A new starting time must be arranged with the golf shop staff.

If you must cancel a tee time, please reach out to the golf shop as early as possible. Consistent failure to do so is a violation of club rules and may result in suspension or termination of your membership.

Starting times may be delayed due to frost. The Superintendent will update the golf shop staff if there is a delay. If there has been a frost, please call the golf shop to confirm your actual starting time. If there is a frost delay, the golf shop will do their best to block slots for those who are involved with the forward shotgun start however, groups turning from the shotgun do not have priority over groups with a later starting time and vice versa. In this case, we will run the starting tee like a stop sign allowing one group making the turn to tee off and then a group who has a tee time to tee off.

## **PRACTICE REGULATIONS**

All practice will be confined to the practice areas. Practice is not permitted on the golf course except in between play of two holes and not unduly delaying play.

Chipping to the practice putting greens is only allowed when hitting non-intrusive shots. Ball marks should not be left on the practice putting greens. If it is a busy day and there are many people putting on the green, priority will go to the putters, not the chippers/pitchers.

Only the golf staff is allowed on the range beyond the designated practice tee.

All practice balls must be obtained through the golf shop. No privately owned balls are permitted on the practice range.

Range balls are restricted to the driving range. If someone is found with range balls on the course, they will receive a warning. The second offense will carry a punishment of a 30-day suspension of membership where membership dues must still be paid. If caught for a third time, membership termination will be considered.

Golfers are not allowed to save range balls for future use. All range balls are property of the club and must remain on the club's property. When finished practicing, leave leftover range balls at the practice area, or return them to the golf shop. Never put range balls in your car or remove them off the designated practice areas.

Golf carts are not permitted on the practice range tee or within the chipping green area.

## **PLAYING REGULATIONS**

All players must register with the golf shop prior to playing.

All play will start from the first tee, or as designated by the golf professional and his staff.

Slow play is a concern to all members. It should take approximately four hours and sixteen minutes (4:16) to play eighteen holes (not including time spent at the turn). It is your responsibility to keep a pace necessary to achieve a four hour and sixteen-minute round. Slow players in your group are your responsibility and will be observed by the ranger, starter, and/or golf shop. The following procedure will be implemented for pace of play infractions:

1<sup>st</sup> Warning: Verbal warning and documentation of unacceptable pace.

2<sup>nd</sup> Warning: The ranger will stay with your group until an acceptable pace is established. The ranger will help fix ball marks, fill divots with sand, tend the flagstick and rake bunkers.

3<sup>rd</sup> Warning: Your group will be asked to regain position by moving directly behind the group in front of you. If applicable, a rain check will be given to return at a time more suited to your pace.

You should always allow faster players behind you the privilege to play through regardless of the number of players in the group. When searching for lost balls, keep it brief and if the group behind you is waiting, allow them to play through. All golfers should always play ready golf.

Being out of position is when a group is not directly behind the group in front of them or off pace for a four hour and sixteen-minute round. This policy is in place to assure proper pace of play and the enjoyment for all golfers playing at Wildwood Green Golf Club.

Repair your ball mark plus another on each green. Rake all footprints in bunkers and place the rake near the edge of the bunker in the sand.

Sand bottles are located on each golf cart, hole #1 and #10, and at the halfway house. These bottles should be used to fill divots throughout the course and any empty sand bottles should be left at the next tee box, near the yardage sign for the hole.

Golf carts will be rented from the club only. Golf carts should always be kept on the path on par 3's and should always exit the fairways at the black posts, located roughly 30 yards from each green.

The golf professional, his staff, and management can make changes in the above regulations without notice. Special clinics, golf outings, and/or tournaments can alter the schedule.

## **PULL CARTS AND CARRY BAGS**

When walking is allowed, players may use their own pull cart to transport their golf clubs. Players should respect all ropes and markings throughout the course and should also keep pull carts more than ten feet from the tee boxes and away from the mounds, fringes, greens, and bunkers. You should use designated entrances and exits located at tees and greens as if you were riding in a golf cart.

## DUES PAYMENTS AND PAYMENT PROCESSING PROCEDURES

It is our goal to mail statements/invoices by the 3<sup>rd</sup> of each month. Payment of this statement is due by the **10th of the month**, which means dues are paid in advance. (Your April dues are due by **April 10th**).

Weekends and holidays may affect our payment processing and invoice printing and mailing schedules.

Payments are due no later than the 10<sup>th</sup>; any payment that reaches us after the 10<sup>th</sup> of the month is considered past due and you may receive notice from Bookkeeping. We currently have the following program in place to handle past due accounts:

30 Day Courtesy Notice: Letter mailed/e-mailed to you by the 15<sup>th</sup> of the month when two months dues have not been paid (Current month and prior month)

60 Day, 2<sup>nd</sup> Courtesy Notice: Letter mailed/e-mailed to you by the 15<sup>th</sup> of the month when three months dues have not been paid. (Current month and prior two months). Your account has been placed on suspension, privileges revoked, and all dues are owed. If payment in full is not paid in full by the next statement date the account will be terminated and passed on to collections

90 Day Termination Notice: Letter mailed to you by the 15<sup>th</sup> of the month when four months dues have not been paid (Current month and prior three months). Your account has terminated and passed on to collections. Once the account is put into collections and communication must be made through the collections agency.

Suspension of privileges include all areas of the club, including prepaid privileges such as driving range, cart club, tournaments, etc. and no refunds or credits will be given. After termination or resignation, all services will be discontinued.

**If you know you will have difficulty paying your monthly dues on time, please contact the Bookkeeper. We can work with you if you call us before your account becomes past due.**

## Going back to our example of April dues:

Statement mailed	April 3 <sup>rd</sup>
Due date for payment	April 10 <sup>th</sup>
30-day courtesy notice	May 15 <sup>th</sup>
60-day, 2 <sup>nd</sup> courtesy notice	June 15 <sup>th</sup>
90 Day termination notice (account suspended)	July 15 <sup>th</sup>
Membership terminated and sent to collections	August 1 <sup>st</sup>

**PLEASE REMEMBER:** Once your account becomes past due at 90 days, your playing privileges will not be restored until your **ENTIRE BALANCE** is paid.

Please put your member number on the lower left corner of your check in the memo section. This will help us process your payment faster and more efficiently. Your dues check should be payable to “Wildwood Green Golf Club”.

## PREPAYING YOUR DUES

Members are always welcome to pay dues for more than one month at a time. Should you decide to pay for multiple months at once, remember: if there is a dues increase in that time period, you will be responsible for the difference.

We offer members the opportunity to guard against future dues increases by paying a full year’s dues in advance and the only time your dues are locked in is when you have prepaid for the entire calendar year during our normal prepayment period. This is done on a calendar year basis and typically done in August of each year. By paying for the year, you would not be affected by any dues increases that go into effect during the current calendar year or in the year you have prepaid for.

Prepaying for the following calendar year will save you the most off your dues and select services. You must always prepay your membership dues to then gain discounts on select member services.

The prepayment program and amount of discount will be announced prior to launch via email.

Adding a family member will usually cause an increase in dues. If you add a family member during the period that you have prepaid for, you will be required to pay the difference between your old and new prepaid rates for the remainder of the year. If, for example, you are an individual membership and add your spouse, you will have to pay the difference between the prepaid individual rate and prepaid family rate for the number of months remaining in the year.

Dropping a family member will often cause a decrease in dues. This could leave you with a credit balance at the end of the year. The credit could then be used to offset your following month’s dues.

Prepayments are refundable provided the member is resigned in good standing with a 30-day written notice whereby if resignation reaches us by the 5<sup>th</sup> of the month, it can be effective at the end of the month. Prepayments will be refunded in the following way:

Total prepayment made including discount processed, less member services (membership and capital dues only)

- Months membership was maintained multiplied by the regular monthly dues amount for your membership category
- = Total refund owed back to you

Member services will be resigned effective the same day as the membership including the GHIN handicap service. No unused portions of any member service will be refunded.

## **AUTOMATIC CREDIT CARD BILLING**

Members can arrange to have their dues automatically billed to their credit card every month. See a member of the golf shop if you wish to put a credit/debit card on file for monthly drafting of dues. If you wish to have your dues automatically charged every month, we will submit any charges to bring the account current within a day or two of the submission of the card. We will then submit future charges near the first day of every month when our EZ Pay payment processing system is run with monthly statements.

Renewals for all member services will be submitted automatically near the 1<sup>st</sup> of January each year unless you notify the golf shop that you do not wish to renew a particular service. The deadline to drop next year's services is December 15<sup>th</sup>.

If the first of the month falls on a weekend or holiday, the changes may be submitted to your credit card company on the last business day prior to the weekend or holiday.

If you wish to resign your membership account, 30 days written notice must be provided. If your note reaches us by the 5<sup>th</sup> of the month, we can make the resignation effective at the end of the month.

## **CREDIT CARD BILLING DEADLINES**

The deadlines for cancelling automatic credit card billings and member dues or services are as follows:

Monthly dues:	You must notify us at least 5 business days before the end of the month.
Member services:	The deadline to cancel automatic member service billing is December 15 <sup>th</sup> . Member Services include handicap, range plan, cart plan, locker rental, and club storage.
Membership Resignation:	30-day written notice needed. Due by the 5 <sup>th</sup> of the month to be effective at the end of the month. (Due November 5 <sup>th</sup> to be effective November 30 <sup>th</sup> ).

## **RESIGNING FROM THE CLUB AND MEMBER CATEGORY CHANGES**

All resignations must be done in writing, a minimum of 30 days in advance of such action.

You will receive notification from us concerning your resignation, usually within one week of our receipt of your letter. If you have not heard from us within two weeks of the date you mailed your letter or by the first of the month, please contact the General Manager.

Letters that reach us by the 5<sup>th</sup> of the month can be processed to be effective with the next dues statement. (Example: A letter received May 5<sup>th</sup> will be processed to change status on May 31<sup>st</sup>). If your letter reaches our membership office after the 5<sup>th</sup>, it will be processed to take effect at the end of the following month. (For example: A letter received May 7<sup>th</sup> will be processed to change status on June 30<sup>th</sup>).

Dues are not prorated and are billed in full month increments only. Memberships will begin on the first day of the month and end on the last day of the month. Memberships are only resigned on the last day of the month in which your request was received provided the request is received by the 5<sup>th</sup>.

## UPGRADING STATUS, ADDING, OR DROPPING FAMILY MEMBERS

You will receive notification from us concerning your status change, usually within one week of our receipt of your letter. If you have not heard from us within two weeks of the date you mailed your letter or by the first of the month, please contact the General Manager.

Letters that reach us by the 5<sup>th</sup> of the month can be processed to be effective with the next dues statement. (Example: A letter received May 5<sup>th</sup> will be processed to change status on May 31<sup>st</sup>). If your letter reaches our membership office after the 5<sup>th</sup>, it will be processed to take effect at the end of the following month. (For example: A letter received May 7<sup>th</sup> will be processed to change status on June 30<sup>th</sup>).

Dues are not prorated and are billed in full month increments only. Family members are only dropped from the membership on the last day of the month in which your request was received provided the request is received by the 5<sup>th</sup> of the month and your full dues must be paid for that final month.

Family members are added, or membership upgrades are effective on the first day of the month following the receipt of your request, provided your request was received by the 5<sup>th</sup>. Any change in the membership must remain in effect for six (6) full months.

Over the lifetime of a membership, a member is allowed only one change in membership classification that must remain in effect for 12 months. The first change in membership classification is free of charge and then any additional changes to your membership classification will be charged a \$250.00 administrative fee.

**Adding, dropping, or changing classifications must be done in writing by the 5<sup>th</sup> of the month to take effect at the end of the month (30-day notice). Please review the guidelines on resigning from the club and follow the same date format to make any membership changes.**

## LEAVE OF ABSENCE

The intent of the leave of absence policy is to allow someone who is temporarily unable to use the club, due to injury or relocation, the opportunity to get back into the club without losing the original initiation fee paid and to allow the member to put their membership “on hold” and pay an administrative fee of \$20 each month in lieu of their membership dues.

A leave of absence is granted for a minimum of three months for doctor-supported health reasons or a business transfer. All health leaves must be supported by a written letter from your doctor.

All business transfers require proof that your new primary address is located outside a 50-mile radius from Wildwood Green Golf Club.

A person on leave of absence is not considered to be a member while the leave of absence is in effect and all membership privileges (club services, range plan, tournament play, etc.) are suspended for the member on leave until the membership becomes active again. In practical considerations, this means that a person on leave of absence is not entitled to club services or any privileges (locker, club storage, handicap, tournament participation, etc.).

Any leave of absences will forfeit your current membership privileges and any new member or sponsorship dues credits for the time on leave.

---

**Question:** I am having back surgery next month and my doctor says I can’t play golf for a while. How do I go on leave?

**Answer:** Send us a letter requesting a leave of absence as far in advance as you can. Have your physician send us a letter verifying the medical reason you cannot play golf. We must have the doctor’s letter to process your request, and we require a 30-day notice to take such action.

**Question:** I wish to go on leave of absence from June 14th to October 23rd. What are my options?

**Answer:** Your leave of absence will begin on the last day of the month, June 30<sup>th</sup>, if notice is given to us by June 5<sup>th</sup>. Your leave will be effective for three full months, ending September 30<sup>th</sup> and you will become active again on October 1<sup>st</sup>. Before October 1<sup>st</sup> you must decide to pay the full month of dues or remain on leave for another three months.

---

Members on Leave of Absences are charged a \$20 monthly maintenance fee. This fee is billed at the same time as our normal statements. Payment of this fee is expected to reach our office no later than the 10<sup>th</sup> of each month. Members on leave who miss a monthly payment will have their leave of absence, and their Wildwood Green membership terminated.

It is your responsibility to keep the General Manager informed of any changes in your mailing address while you are on leave of absence. Please call the General Manager if you have any questions about the leave of absence policy.

## **REINSTATEMENT**

Any membership which has been resigned within the club rules, left the club in good standing, and has been out of the club for more than sixty days prior to any new membership drive can be reinstated provided the member rejoins under the current membership drive or forfeits any dues credits in lieu of repaying the initiation fee. There will be a reinstatement fee of \$250.00.

## **ADMINISTRATIVE FEES**

The fee for any returned check is \$55.00

Other administrative fees will be \$250.00

## **SPECIAL/LIMITED MEMBER BENEFITS**

### **Member Referral Program:**

This program is designed for existing members to help bring in new members. As our membership increases, member benefits will increase. It is to everyone's advantage for us to increase our membership.

### **Benefit to the Existing Member:**

Dues credits are given for referring a new member who joins the club.

### **How the Program Works:**

1. All current Wildwood Green members will have the member referral form available to them and the new, referred member. Extra copies are available in the golf shop and on the Wildwood Green website.
2. The entire form must be completed and returned by the applicant at the same time as the application for membership. There will be no exceptions to this rule\*.
3. Upon approval and processing of the new membership, the current member will receive a dues credit as described under the current membership offer.
4. Member referral forms are accepted for all categories of membership; however, all categories of membership are not entitled to monthly dues credits or reduced fees.

\*Member referral programs are in place to assist you in lowering your dues by sponsoring friends or family to join the club. When applicable, sponsor credits will be given to the member or staff member of Wildwood Green who made first contact with the joining member. This is in place to avoid situations where someone spends time recruiting a new member only to have someone else jump in at the last second and become their sponsor. (Typically, when the joining member has been set up to play the course before joining.) Please see the General Manager for more information or clarification on this rule.

## **GUEST FEES AT OTHER GOLF COURSES**

The staff at Wildwood Green is here to assist you. One benefit we offer is the ability to get a member a discounted rate to play at another golf course when possible. Please call us if you want to play an out-of-town facility and we may be able to arrange your tee time and obtain a reduced rate.

During this sixty (60) day period, a new member can play in any club tournament, except major tournaments, with a handicap established by the head golf professional. Junior members of Wildwood Green may have an established handicap at no charge provided they are 17 years old or younger. Once the junior reaches the age of 18, they will be charged the member fee for the handicap service on the first of the month following their 18<sup>th</sup> birthday.

Wildwood Green currently utilizes the GHIN handicapping service which is recognized by the USGA. By members of Wildwood Green subscribing to the handicap service, they are in turn a member of the Carolinas Golf Association.

If the membership is terminated, then so will the service. No refunds will be made for partially used periods or in the event of resignation or termination of membership. The locker service runs January 1<sup>st</sup> – December 31<sup>st</sup>.

Limited insurance coverage is carried by the club; however, a person's personal insurance is the primary coverage if any damage or theft occurs. The club assumes no responsibility for any lost or damaged articles in the normal course of operation.

### **GOLF CARTS, HANDICAP FLAGS**

Golf carts will be rented from the club only. There are to be no motorized carts or units of any kind with the exception of a personal, walking pushcart. Carts are not permitted in heavily wooded areas, hazards, near greens or tee boxes. A valid driver's license is required to operate any golf cart. A provisional, learner's permit is not acceptable. All cart damage is the responsibility of the renter and must be reported to the golf staff. Hitchhiker riding is not permitted.

### **Cart fees are a per person charge**

Golf carts are required for use during special tournaments. Golf carts should always be kept on the path on par 3's. Any members discovered riding in a golf cart with more than two people or riding in a golf cart and not paying, is subject to immediate termination of their membership at the discretion of management. No refunds will be given in the event of termination.

**Medical Flags:** A person with disability (PWD) cart designation can be obtained at the golf shop counter for anyone needing assistance while playing the course. A state-issued handicap placard for your car or doctor's note must be provided to the club. Some areas are off limits even to PWD carts such as fringes, wet areas, tee boxes, and other places designated by the golf course Superintendent and management team.

### **The rules regarding medical flags below will be in effect and are at the discretion of the golf shop:**

To obtain the privileges of using a Wildwood Green Golf Club medical flag, members and guests must have a state-issued handicap parking permit or doctor's note supporting the need for a PWD cart. The use of a PWD cart is a privilege and any misconduct or abusing the rules will result in suspension or loss of your privilege.

The Wildwood Golf Club Superintendent will decide if PWD carts will be allowed on the golf course and if special rules need to be applied that day due to unforeseen circumstances.

### **PWD Cart Procedures:**

Carts may leave the cart path and travel on the golf course when necessary to go to your golf ball only. (Please use the 90-degree rule and try to avoid any wet areas or areas that carts may cause damage to).

Carts may travel in front of the black "return to path" posts but must maintain a 10-yard distance from the green in all directions.

Carts must stay on the path around all the greens and tees and on all par 3's.

If two golfers in the same group have PWD privileges, they **MUST** ride together and eliminate the need for an extra golf cart.

### **Penalties:**

- First rule breach: Verbal warning from the golf shop and documentation.
- Second rule breach: Written warning and documentation, suspension for 3 days.
- Third rule breach: Documentation and suspension for 7 days.
- Fourth rule breach: Suspension from the club for 30 days.
