SWAT – What It Is & What It Means

A SWAT game—short for “Singles Without A Time”—is a popular golf format hosted by private clubs, most notably Oakmont, designed to encourage members to meet new playing partners while enjoying friendly but competitive golf. The defining principle of a SWAT is that every team competes against every other team, similar to a round-robin format, with all matches happening simultaneously during the round. SWAT games are typically played as **match play**, most commonly using a **Nassau structure** where points are awarded for the **Front 9, Back 9, and Overall 18-hole match** against each opposing team.

For this event, SWAT teams will consist of four players, counting one Gross score and one Net score per hole (these must be different balls). Each team will play Front 9, Back 9, and Overall matches against every other team in the field. Separate leaderboards will be kept for each segment, and the combined total of all three will determine final standings and payouts.

Course Conditions Update

By Rick Durham

After the challenges we faced last January, we didn't think winter conditions could get much worse. Unfortunately, this January has exceeded our expectations in the most difficult way. Prolonged periods of extremely low temperatures—along with unusually low daytime highs—have forced us to take extensive precautions to protect the course, particularly our greens.

While we initially hoped these protective measures would only be necessary for a few days, this has turned into the longest stretch we have ever experienced with greens fully covered. In addition to the cold, persistent ice has become a major issue, with large portions of the course still covered as I write this. These conditions have made maintenance especially challenging and have required constant monitoring and adjustments by our staff.

Looking ahead, forecasts for the next few months are calling for temperatures to remain below normal. We are hopeful this prediction does not come to pass, but we are preparing accordingly to ensure the course recovers as quickly and safely as possible when conditions allow. Please know that every decision being made is with the long-term health of the course in mind, so that we can provide the best playing conditions possible once winter loosens its grip.

We are pleased to announce the 13 members selected to the 2026-2027 Wildwood Green Advisory Committee which can be seen below. We aspire for this committee to be a positive influence on Wildwood Green, its membership, facilities, and services. The Advisory Committee will act as an official avenue for communication between the membership, management, and ownership.
